Raising a Generation Through Music, Faith & Opportunity

VISION

A Movement, Not Just a Music School Leven Ministries envisions a world where every young person—regardless of background— has access to:

- Spiritual growth
- Creative expression
- Sustainable opportunity

We are building a pipeline: **Schools → Talent Discovery → Training Hub → Life Transformation**

PROBLEM

A Generation at Risk

- Over 50% of children in Uganda experience multidimensional poverty
- Limited access to creative education and mentorship
- Rising youth involvement in crime due to lack of opportunity

**The gap: Talent exists everywhere.
Opportunity does not.**

SOLUTION

Music as a Tool for Transformation

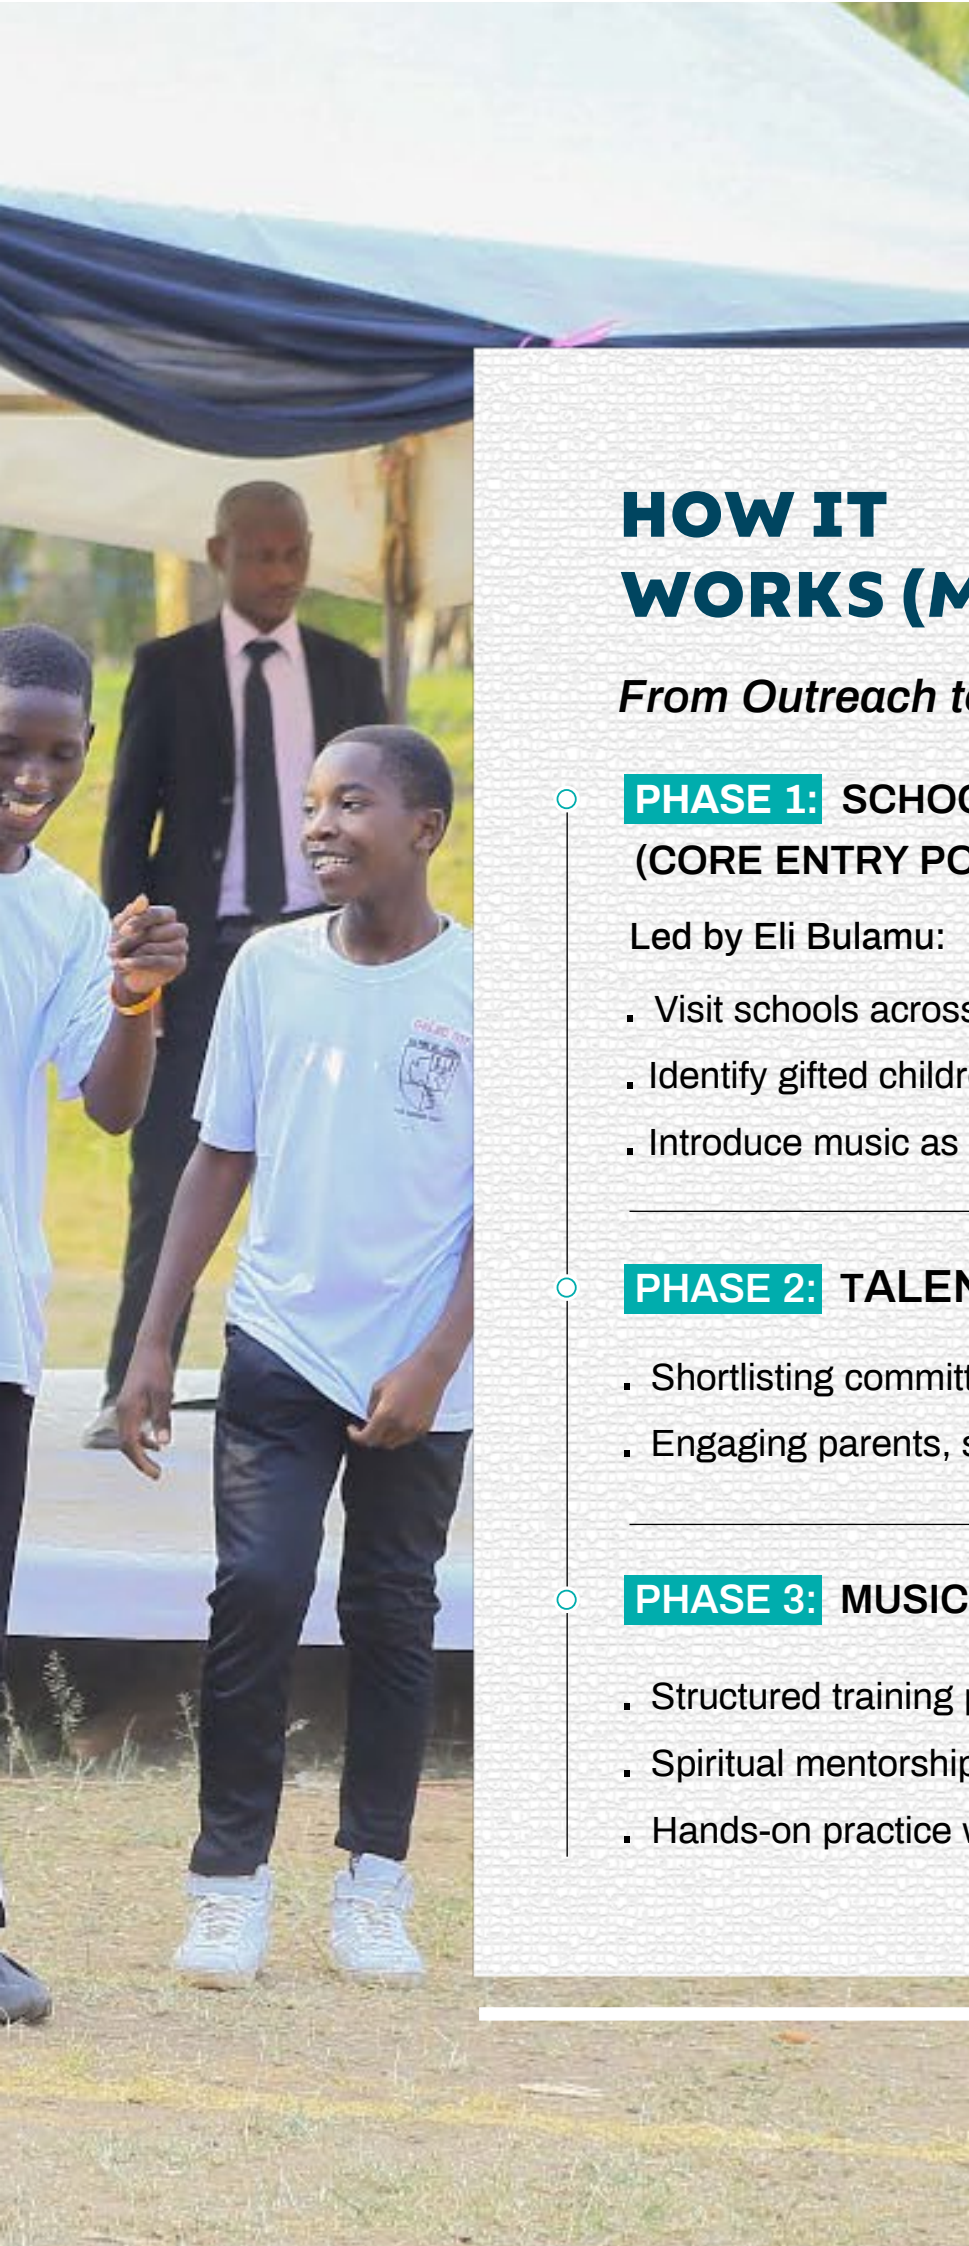

We use gospel music as:

- A spiritual anchor
- A life skill
- A career pathway

Through structured training in:

- Instruments (piano, guitar, drums)
- Vocals & performance
- DJing & production

HOW IT WORKS (MODEL)

From Outreach to Impact

PHASE 1: SCHOOL TOURS (CORE ENTRY POINT)

Led by Eli Bulamu:

- Visit schools across Uganda
 - Identify gifted children (ages 12–25)
 - Introduce music as skill + ministry
-

PHASE 2: TALENT SELECTION

- Shortlisting committed and gifted individuals
 - Engaging parents, schools, and churches
-

PHASE 3: MUSIC HUB TRAINING

- Structured training programs
 - Spiritual mentorship
 - Hands-on practice with instruments
-
